NEW OPPORTUNITIES

Learning will be hands-on and industry-led, allowing you to gain the qualifications you need to jump straight into your career. The centre will play a major part in training the professionals of the future and provide an opportunity for them to find employment in a number of dynamic sectors.

The new building will provide facilities for a range of exciting courses including advanced to degree level programmes, T Levels and a brand new Esports course. Many of the courses which will be taught in this centre can lead to jobs in Health and Nursing and Computing and Digital roles.

**POSITIVE
FUTURES**

**SKILLS FOR JOBS
SKILLS FOR LIFE**

During your time at Bury College you will develop key study, employability, and transferable skills to support your progression to a positive destination at the end of your study programme.

Positive Futures is a set of essential qualities we seek to develop in all students:

Commitment
Collaboration
Confidence
Resilience

These qualities are embedded throughout your study programme, you may not even realise you are learning them. This complete approach to study ensures you are fully prepared for your future destination, armed with the skills, knowledge, and behaviours for a successful career.

POSITIVE FUTURES CAREERS PROGRAMME

Mental Health and Wellbeing

We have a dedicated Counselling and Wellbeing team and our staff are on-hand to support students with issues such as stress, anxiety, personal relationships, gender identity as well as general health and wellbeing.

There are two main types of support available at Bury College. The first is the informal support provision which is available as and when required and the second is a specialised Counselling service which focuses on more complex mental health difficulties.

Our Counselling and Wellbeing team is also able to refer our students on to more specialised local or national support services.

Student Services

Our dedicated Student Services team offer a 'one-stop shop' with support that extends to all aspects of student life including:

- Information and Advice – courses, careers, options after college
- Student Welfare – social and pastoral support
- Financial Support and Free College Meals
- Volunteering and progression opportunities

STUDENT SUPPORT

Our students are extremely important to us and are at the heart of all that we do at Bury College. Our caring tutors and support staff are here to help you have the best possible experience.

Library Resource Centres

There are three Library Resource Centres (LRCs) at Bury College, they are found within Millennium, Woodbury and the University centre buildings. Each Library Resource Centre offers space to work, quality resources and support for learning outside the classroom.

Our Library Resource Centre team is always on hand to help with borrowing and using our resources whilst helping you to develop your own independent study and IT skills. We also offer a range of study skills workshops including Harvard referencing, information skills and critical analysis.

Additional Learning Support

Additional Learning Support (ALS) is available to help and support you to succeed on your chosen course.

The ALS team are experienced in working with students with a range of learning difficulties and disabilities. The type of support will be based on your individual needs and we are happy to discuss this in advance to support your transition to college.
