- Coaching Professional
- Customer Services
- Dental Nursing
- Hairdressing
- Health and Social Care
- Teaching Assistants
- Team Leading

WHAT IS AN APPRENTICESHIP?

An apprenticeship is a real job, where you earn a qualification, gain experience, and get paid.

BENEFITS OF AN APPRENTICESHIP

- Gain hands-on, practical experience.
- Earn a wage, including holiday entitlement.
- Spend a minimum of six hours per hour week in off-the-job training, enabling you to develop the essential skills required to achieve occupational competence and meet industry standards.
- Receive support from industry-experienced professionals.
- Boost your career potential.

There are currently over 50 apprenticeship vacancies with companies looking for enthusiastic new staff to train.

BE PART OF THE **BURY COLLEGE** **APPRENTICESHIP SUCCESS:**

KHAIRUNNISA MAHMOOD **PARK HOUSE DENTAL PRACTICE**

APPRENTICESHIP: DENTAL NURSING LEVEL 3

AIMEE MACIVER **MULBERRY BUSH NURSERY GROUP**

APPRENTICESHIP: CHILDCARE LEVEL 3

Pictured with Stacey Kenyon, Senior Manager at Mulberry Bush Nursery Group.

“I have really enjoyed my apprenticeship. It’s taught me lots of skills that I can use throughout my life and has boosted my confidence.”

“The best part of the apprenticeship has been getting hands-on experience working with children. The support I have received from College has also been great, and has allowed me to further develop my skills.”

AMANDA ROCK **BOLTON CARES**

APPRENTICESHIP: ADULT CARE WORKER LEVEL 2

“The support I have been given from both my employer and my Learning and Skills Coach throughout my apprenticeship has been amazing. Everyone was always available to offer me advice and guidance.”

A FORMER APPRENTICE HELPS TO MENTOR CURRENT APPRENTICE

Dylan Frasier-Kelly is a former Bury College apprentice passing on his knowledge and experience to current apprentice Matthew Worthington.

Matthew Worthington, an apprentice training to be an Accountant, started with Jackson Lee Accountants in October 2022 and is thriving. This has been massively helped thanks to the advice and guidance of Dylan, his Line Manager.

Matthew has gained a lot from his apprenticeship, he said: "I have enjoyed everything about the apprenticeship so far. Being in the workplace has pushed me to develop new skills that will only help my future career prospects. For anyone interested in training to be an accountant, I would recommend going down the apprenticeship route."

Following his successful start in the accountancy world, the 18-year-old is already thinking about the future. He added: "I'd love to become a chartered accountant."

BUSINESS ADMINISTRATION APPRENTICESHIP HELPS ELIZA BUCKLEY TAKE ON GAMING INDUSTRY

A Bury College Business Administration apprentice has started an exciting role within the Business Operations Team at Ziax, a game and events studio based in Radcliffe.

Eliza Buckley signed up for the Business Administration Apprenticeship and has taken on a wide variety of work at Ziax since she started in 2020. She had been project managing a new game on a gaming platform called Crayta. As part of this process, they were asked to stream with staff from Unit 2 Games, an award-winning, Facebook-owned games studio. They played Crayload, a game that Eliza helped develop.

It's clear that Eliza has really developed since starting what turned out to be a thoroughly enjoyable apprenticeship. The former Haslingden High School pupil said: "I really enjoyed my apprenticeship and I am now looking forward to working here permanently." She also spoke about the industry as a whole: "I was always a gamer, so this has been the perfect place for me to work. I also appreciate that I am one of very few girls that work in the industry, this is something I'd like to see improve in the near future."

Suzanne Stewart, Bury College Learning and Skills Coach, who helped Eliza find this amazing opportunity, added: "It has been great to see how Eliza has progressed. From an employer's perspective, it's a great advert for the benefits of taking on an apprentice and what they can bring to any organisation."
