V LEVELS

From September 2027 students will be able to mix V Levels with their A Levels. V Levels have been designed to provide students with more applied skills for careers in areas like digital, finance, or education, letting you explore a career area before fully specialising when you leave College. Scan the QR code to visit our website for more information.

T-LEVELS

THE NEXT LEVEL QUALIFICATION

WHAT IS A T LEVEL?

- A T Level is a highly technical qualification which is equivalent to three A Levels, and so is a pathway to university
- T Levels combine classroom learning (80%) with on-the-job work experience (20%)
- Students complete a minimum 45 day industry placement to gain experience in a real workplace setting

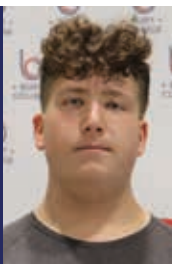

WHO IS A T LEVEL RIGHT FOR?

- Those who want to gain workplace experience alongside their learning
- Those who want to pursue a high-quality technical route into skilled employment, further study, or a higher/degree apprenticeship

WHERE CAN A T LEVEL TAKE ME?

Ciara studied T Level Health: Supporting the Adult Nursing Team, and progressed to the University of Manchester to continue studying Adult Nursing.

Joseph studied T Level Mechanical Engineering, and progressed to a Nuclear Engineering Degree Apprenticeship at Rolls-Royce.

Carson studied T Level Management and Administration, and secured a permanent position after his placement at LGC.

Find out more about our T Levels here.
